

CONGRATULATIONS! By choosing Secure Plus Checks, you've taken a simple yet effective step to protect your business against check fraud.

Secure Plus Checks – Professional-looking, Essential Protection Against Check Fraud

High-quality Secure Plus Checks not only make a great impression, they also offer over 20 important protections to shield you against check scammers. Here are just five!

1

Tamper-resistant print area – a QuickBooks Checks exclusive!

If anyone tries to alter the name or the amount on your checks, it'll be easy to spot. A white boxed-in print area, unique to QuickBooks, provides maximum protection from toner ink removal.

2

Paper stock that is virtually impossible to reproduce

The check paper stock is interwoven with blue and red fibers of multiple lengths. Some of them are invisible – detectable only under ultraviolet light. Photocopiers and scanners are no match for these checks.

Designed for safety

The look alone helps thwart attempts to reproduce your checks. The intricate design includes watermarks, spirals and multiple, gradient colors.

3

4

Secure anchoring of printed ink

It's nearly impossible to remove ink from these checks without leaving telltale damage, thanks to a special formulation that securely anchors printer toner to the paper.

Paper that exposes alteration

Uniquely treated paper creates stains, spots or discoloration if chemicals are used to alter or wash checks.

5

Remember: QuickBooks Checks are specifically designed and guaranteed* to work with any release of QuickBooks and QuickBooks Payroll. Thanks for choosing QuickBooks Secure Plus Checks!

*Your supplies come with a 60-day money-back satisfaction guarantee. We guarantee your checks, forms and supplies will be printed as you specify, will work with your printer and current versions of Quicken or QuickBooks software and your checks will be accepted by every financial institution in the U.S., or we'll reprint your order or refund your money. If you have any problems, please contact our Customer Service Department within 60 days of your purchase date at 1-800-926-9723. For orders placed through www.intuitmarket.com, personalization is the responsibility of the customer.
